NUJ Pay In The Media Summit 2006 - You can't afford to miss it!

Due to previous years' successes, this year's Pay in the Media Summit is expanding to cover 4 locations. This way, members can benefit from the discussion, training and feedback that these days provide. This year, the summits will be focusing on issues such as equal pay, benefits and conditions in the workplace, pay systems/pay structures and regional variations as well as planning our union-wide pay campaigns for the coming year.
